

Mackenzie Sturdevant

My name is Mackenzie Sturdevant and this will be my fourth year returning to the Parks and Recreation as a counselor. I graduated from North Reading High School in 2015. In high school I was a member of Student Counsel for 4 years, serving on the Executive Board as Publicity Coordinator and Treasure for two years, as well as being a captain of the North Reading High School Varsity Cheerleading team for my senior year.

This coming fall I will be returning to Penn State for my sophomore year as a Pre-Med major. Through this past year at Penn State I served as Fundraising Leader on a Rules and Regulations committee for THON: Penn State Dance Marathon. We are an organization that fundraises all year long to raise money in for the Four Diamond Foundation in support of fighting pediatric cancer.

My hope for the future is to continue on to medical school with a focus in pediatrics as a way to bring together my love of science and working with kids. I am beyond excited to begin this summer back at Summer Scape and spend time working with our returning kids and all new kids coming to join our family.
